Honorable Mayor and
Members of City Council
City of Polk City

RE: Fiscal Year 2014 Budget

Dear Mayor and Members of City Council,

The proposed budget for fiscal year 2014 is transmitted for your review and consideration. It is a balanced budget that proposes revenues and expenditures totaling $3,835,972. This is a plan for provision of public funds in the City of Polk City for the fiscal year beginning October 1, 2013. It has been developed in accordance with all City Ordinances, State and Federal laws, and policies and procedures of the City.

The proposed budget has been prepared with the goal of maintaining a high level of service to our community, but commensurate with financial resources available to fund those services, and with realistic budget requests for expenditures and conservative estimates on revenue. I have used the following standard guidelines and criteria in preparation of this budget:

- Provide for high quality services while maintaining a fiscally responsible government.
- Maintain or increase the unrestricted reserve fund balance thereby placing the City in a better position to fund needed improvements and unforeseen expenses.
- Continue establishing the credibility of the City of Polk City as a viable community with a strong future.

Tax Base and Millage Rate

The City of Polk City 2013 gross taxable value has been estimated by the Polk County Property Appraiser to be $56,605,145. This is an increase from prior year's final gross taxable value of $51,389,487, which is approximately a 9% increase. Last year the City's millage rate was 8.6547 per $1,000 of assessed value.

The FY 2014 Budget is proposed at a millage rate of 8.6547 mills, which is 5.85% more than the rolled-back rate of 8.1762. This will generate $465,406 in Ad Valorem proceeds, resulting in an increase of $40,667 from fiscal year 2013. Based on that millage rate and assuming a home assessed at $100,000, which claims the maximum allowable $50,000 homestead exemption, the property owner would pay $432.74 annually in ad valorem taxes.

Other highlights of the budget include:

- $116,222 resurfacing project in the Honeybee area (this includes $75,548 cash carry forward from FY 13
- The Law Enforcement Contract did not change
- $15,000 grant from Department of Economic Opportunity
- $166,096 in capital improvements ($19,667 set aside in restricted to use in 2016)
- Improvements to the Public Works Building (siding to replace rotten wood)
- Painting Library Building and replacing the carpet
- Personnel: lost two employees and replaced with one full-time employee in the City Manager's Office and two part-time employees in the Roads and Streets Department. Some salary adjustments were made in fiscal year 2013 (remained within budget) to reflect job responsibilities
- Florida Retirement increased due to legislative action
- Insurance increased approximately 24% -- Health Care Reform. We are currently looking at policy options to reduce the cost
- Reduction in garbage rates
- Planning Services had a decrease of $15,000
- Replacement and repair of barbeque grills and picnic tables at the pier, replacement of damaged fence at Freedom Park and replacement and/or repairs to barbeque grills at Freedom Park
- Reduced transfer of funds from the Enterprise Fund by $50,943
- The Debt Service in General Fund is down $37,801
- Reserve accounts are separated out for better clarification
- The Woodard & Curran contract shows an increase of $33,054
- It includes a cash carry forward estimated balance from the fiscal year 2013 budget of $114,948 in the General Fund ($2,000 Library computers, $75,548 paving, and $37,400 from the Fifth Third Bond Series B Loan Reserves)

Major Funds

General Fund. The General Fund is the principal fund of the City and is used to account for all activities not included in other specified funds. It accounts for the normal, recurring activities of the City. Activities of this fund are primarily supported by City Ad Valorem revenues/taxes, intergovernmental revenues, and to smaller degree enterprise fund revenue. The general fund is proposed at $1,819,222

Enterprise Fund. The Enterprise Fund is the general expenditure and profit making fund of the City that includes water and wastewater revenues and expenditures. The Utility Fund is proposed at $2,016,750

Capital Improvement Plan

This budget includes a five-year Capital Improvement Plan; however, the total for fiscal year 2014 is $166,096 The purpose of a CIP is to identify and plan for major capital improvements over a given time period so that these major expenses can be properly planned for and funded. Many grant applications receive additional credit based upon approval of a Capital Improvement Program. See attached CIP for projects, funding amounts, and two year totals.

Debt Service

The debt service for fiscal year 2014 totals $892,172.35, and amortization schedules for all long-term debt are attached for your review as well.

Budget Conclusion

It is the role and responsibility of staff to present a balanced budget to the Council. Staff recognizes a budget is simply a plan for expenditures for the next fiscal year. Staff understands it may be altered or amended many times as we go through the review process. We look forward to assisting in that process.

Every municipal budget indicates what areas and functions of government will be funded and what areas and functions will not be funded. It is therefore in reality a policy document. This is consistent with the policy role of the elected body in the council manager form of government.

As always, all City Departments put forth much effort in preparations of this document and are to be commended.

We look forward to assisting you in the review process of the fiscal year 2014 budget.

Sincerely,

Patricia R. Jackson
City Manager

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a fifteen-digit number. The first three indicate the fund, and the second three digits represent the department, the third three represent the category of expense, and the fourth three indicate the expense code or object classification code. The fifth three are zero filled and are for system purposes only. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

Line Item #	Line Item Name	Amount Requested	Justification
Operating Expenses			
310	Professional Services	$ 1,000.00	Projected expenses to Rapid Tech for computer maintenance are included in this line item.
400	Travel and Training	$ 3,000.00	These funds are requested for attendance at the FLC Conference, EMO classes, and Ridge League of Cities. It also allows the Mayor to attend the Florida League of Mayors meetings, all of which are important sources of information relating to the changes in the laws and rulings for municipalities.
480	Promo Activities & Legal Ads	$ 250.00	This expense is for a variety of activities that council decide upon each year. For example it may be used for citizen recognition, awards, etc. - $250.00.
490	Other Charges	$ 1,000.00	Election expenses.
510	Office Supplies	$ 250.00	Expenditures for the general office supplies needed for the day-to-day operations of the city. Such purchases include paper, pens, computer supplies, filing materials, etc.
520	Operating Supplies	$ 200.00	Expenditures for the general office supplies needed for the day-to-day operations of the city.
540	Books, Publications, Subscriptions & Memberships	$ 3,500.00	Membership to the Florida League of Cities, Ridge league, Florida league of Mayors, Central Florida Development Council and Sam's club. This also includes the subscription to several magazines for council. License fee for Music Events

City of Polk City Budget Worksheet

Fund: General **Department: 516** Finance and Accounting

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a fifteen-digit number. The first three indicate the fund, and the second three digits represent the department, the third three represent the category of expense, and the fourth three indicate the expense code or object classification code. The fifth three are zero filled and are for system purposes only. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a fifteen-digit number. The first three indicate the fund, and the second three digits represent the department, the third three represent the category of expense, and the fourth three indicate the expense code or object classification code. The fifth three are zero filled and are for system purposes only. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

City of Polk City Budget Worksheet

Fund: General **Department: 571** Library

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a fifteen-digit number. The first three indicate the fund, and the second three digits represent the department, the third three represent the category of expense, and the fourth three indicate the expense code or object classification code. The fifth three are zero filled and are for system purposes only. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

Fund: Enterprise **Department: 519** Wastewater Administration

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a fifteen-digit number. The first three indicate the fund, and the second three digits represent the department, the third three represent the category of expense, and the fourth three indicate the expense code or object classification code. The fifth three are zero filled and are for system purposes only. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a fifteen-digit number. The first three indicate the fund, and the second three digits represent the department, the third three represent the category of expense, and the fourth three indicate the expense code or object classification code. The fifth three are zero filled and are for system purposes only. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

City of Polk City Budget Worksheet

Fund: Enterprise **Department: 590** Non-Departmental

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a fifteen-digit number. The first three indicate the fund, and the second three digits represent the department, the third three represent the category of expense, and the fourth three indicate the expense code or object classification code. The fifth three are zero filled and are for system purposes only. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

Notes:

1) The United Healthcare insurance rate is estimated at $624.39 per month per employee for FY14. We also pay a Medicare subsidiary to employees who are Medicare eligible (doing this significantly decreased the city's expense for those employees).

2) The FL Retirement System (FRS) total contribution rate is 21.31% of the city manager's gross payroll, and 9.95% of gross payroll for all other employees. As of July 1st, 2013, the city's portion of the regular employee's rate increased from 5.18% to 6.95% of gross payroll, and for the city manager the city's rate increased from 6.30% to 18.31% of gross payroll. All employee's will continue to pay 3% of the contribution rate.

BUDGET LINE ITEM

DESCRIPTIONS

City of Polk City

Budget Line Item Descriptions

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a fifteen-digit number. The first three indicate the fund, and the second three digits represent the department, the third three represent the category of expense, and the fourth three indicate the expense code or object classification code. The fifth three are zero filled and are for system purposes only. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City. Listed below is the description of the individual account numbers for the expenditures in our chart of accounts.

Line Item #	Line Item Name	Description
Personnel Expenses		
110	Executive Salaries	Legislative Salaries. This line is for the salary expense of elected officials.
120	Regular Salaries – Wages	Full-time, part-time, and prorated portions of the costs for work performed by employees of the government. The combined salary line items represent approximately 50% of the total operating budget excluding capital.
130	Other Salaries and Wages	Full-time, part-time, and prorated portions of the costs for work performed by temporary or seasonal employees of the government.
140	Overtime	Amounts paid to employees of the government in either temporary or permanent positions for work performed in addition to the normal work period for which the employee is compensated.
160	Bonuses and Gift Certificates	Gift certificates provided by the City to council and employees at Christmas and Thanksgiving.
210	FICA Taxes	The City's portion of the matching share of Social Security and Medicare tax.
220	Retirement Contribution	The City funded retirement contribution for the employees into the Florida Retirement System. The retirement plan is non-contributory and requires 6 years of service to be vested. The cost of retirement benefits fluctuates and is dependant on the rate set by the retirement system. Under the rules of the retirement system, the City begins contributing for each permanent employee immediately upon employment.
230	Life & Health Insurance	The City's share of the employee health, life, dental, accidental death and dismemberment and short-term disability insurances. The City's insurance is obtained through United Health Care and managed by Colonial Health. Because the City is such a small group health insurance is extremely expensive. In addition, there is not an across-the-board rate for the employees. Each employee is rated separately producing different premiums for each employee. In 2003-2004, the employees began paying 20% of the insurance costs. Last year, due to rising insurance costs, the City chose a different coverage plan, which is a flat rate per employee regardless of coverage cost. That plan continues this year regardless of increases in insurance costs.
240	Worker's Compensation	Amounts paid by the City to provide compensation to employees injured on the job. The City Belongs to PIGT, which is currently serviced by Brown and Brown Insurance. The rates are determined by applying a factor to a particular job function and multiplying it by the payroll estimates for that function. Worker's compensation has increased drastically since 1999. The largest single jump was in 2002, reflecting the tragedy of September 11, 1991. Polk City has been fortunate in that we have not had an on the job injury for several years.
