Honorable Mayor and  
Members of City Commission  
City of Polk City

RE: Fiscal Year 2016 Budget

Dear Mayor and Members of City Commission:

I would like to present the proposed budget for fiscal year 2016 for your review and consideration. It is a balanced budget that proposes revenues and expenditures totaling \$3,763,358, which is a decrease of \$64,442 from Fiscal Year 2015. This is a plan for provision of public funds in the City of Polk City for the fiscal year beginning October 1, 2015. It has been developed in accordance with all City Ordinances, State and Federal laws, and policies and procedures of the City.

The proposed budget has been prepared with the goal of maintaining a high level of service to our community, but commensurate with financial resources available to fund those services, and with realistic budget requests for expenditures and conservative estimates on revenue. The following standard guidelines and criteria have been used in preparation of this budget:

- Provide for high quality services while maintaining a fiscally responsible government.
- Continue establishing the credibility of the City of Polk City as a viable community with a strong future.
- It is the goal to maintain or increase the unrestricted reserve fund balance thereby placing the City in a better position to fund needed improvements and unforeseen expenses.

### **Tax Base and Millage Rate**

The City of Polk City 2015 gross taxable value has been estimated by the Polk County Property Appraiser to be \$64,514,240. This is an increase from prior year's final gross

taxable value of \$60,327,268, which is approximately a 6.94% increase. Last year the City's millage rate was 8.6000 per \$1,000 of assessed value. The FY 2016 Budget is proposed at a millage rate of 8.2500 mills, which is less than the rolled-back rate of 8.3523 mills. This will generate \$505,630 in Ad Valorem proceeds, resulting in an increase of \$11,764 from the budgeted amount for fiscal year 2015. Based on that millage rate and assuming a home assessed at \$100,000, which claims the maximum allowable \$50,000 homestead exemption, the property owner would pay \$412.50 annually in ad valorem taxes.

Other highlights of the budget include:

- No transfer from the Enterprise Fund to the General Fund (loss of \$20,000)
- Insurance increased approximately 4%; however, over the past three years the City realized a reduction of 5%
- An increase in the Executive Budget of \$7,834, which reflects the City Manager raise and increase in retirement
- An increase of \$3,000 in the Central Florida Regional Planning City Commission Contract
- A decrease of \$26,214 in the Finance Department
- Building & Zoning had an increase of \$4,775
- Refuse/Sanitation decreased \$8,800
- The Law Enforcement Contract increased \$4,202.00
- An increase of \$30,453 in Stormwater, which is for repairs and maintenance
- Decrease of \$3,325 in General Governmental
- An increase of \$11,458 in Streets and Roads (overall) –minus paving
- An increase of \$5,535 in the Library
- \$16,680 in capital improvements in the General Fund and \$93,500 in the Enterprise Fund. There is also \$10,000 set aside in reserves in the General Fund.
- Florida Retirement had minimal changes
- The Contract for Water and Wastewater shows an increase of \$18,310 over fiscal year 2015 -- budgeted \$510,000; waiting to see what RFP results will be. Anything less than the \$510,000 will be put into reserves.

### **Major Funds**

General Fund. The General Fund is the principal fund of the City and is used to account for all activities not included in other specified funds. It accounts for the normal, recurring activities of the City. Activities of this fund are primarily supported by City Ad Valorem revenues/taxes and intergovernmental revenues. The general fund is proposed at \$1,593,763 (decrease \$104,671).

Enterprise Fund. The Enterprise Fund is the general expenditure and profit making fund of the City that includes water and wastewater revenues and expenditures. The Utility Fund is proposed at \$2,169,595 (increase of \$40,229)

### **Capital Improvement Plan**

This budget includes a five-year Capital Improvement Plan; however, the total for fiscal year 2016 is \$108,180.00, which includes \$10,000 going into CIP Reserves. The purpose of a CIP is to identify and plan for major capital improvements over a given time period so these major expenses can be properly planned for and funded. Many grant applications receive additional credit based upon approval of a Capital Improvement Program. See attached CIP for projects, funding amounts, and two year totals.

### **Debt Service**

The debt service for fiscal year 2016 totals \$975,299.00, which includes \$30,000 for mandated reserves (this will be completed in fiscal year 2016); the amortization schedules for all long-term debt are attached for your review as well.

### **Budget Conclusion**

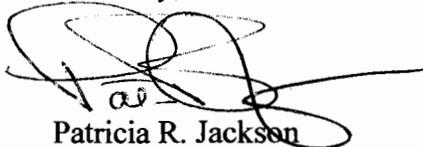

It is the role and responsibility of staff to present a balanced budget to the City Commission. Staff recognizes a budget is simply a plan for expenditures for the next fiscal year, and understands it may be amended as we go through the budget process. Staff and I look forward to working with you.

Every municipal budget indicates what areas and functions of government will be funded and what areas and functions will not be funded. It is therefore in reality a policy document. This is consistent with the policy role of the elected body in the commission manager form of government.

As always, all City Departments put forth much effort in the preparation of this document and are to be commended.

We look forward to assisting you in the review process of the fiscal year 2016 budget, as well as an ongoing review once the budget is adopted.

Sincerely,

Patricia R. Jackson  
City Manager

## City of Polk City Budget Worksheet

**Fund: General**

**Department: 511 - Legislative**

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a eight-digit number. The first two digits indicate the fund, and the next set of three digits represent the department, and the last three digits represent the expense code or object classification code. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

**Department: 513 - City Clerk**

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a eight-digit number. The first two digits indicate the fund, and the next set of three digits represent the department, and the last three digits represent the expense code or object classification code. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

### City of Polk City Budget Worksheet

**Fund: General**

**Department: 521 - Law Enforcement**

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a eight-digit number. The first two digits indicate the fund, and the next set of three digits represent the department, and the last three digits represent the expense code or object classification code. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

## City of Polk City Budget Worksheet

**Fund: General**

**Department: 539 - General Government Buildings**

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a eight-digit number. The first two digits indicate the fund, and the next set of three digits represent the department, and the last three digits represent the expense code or object classification code. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

## City of Polk City Budget Worksheet

**Fund: General**

**Department: 571 - Library**

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a eight-digit number. The first two digits indicate the fund, and the next set of three digits represent the department, and the last three digits represent the expense code or object classification code. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

### City of Polk City Budget Worksheet

**Fund: General**

**Department: 590 - Non-Departmental**

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a eight-digit number. The first two digits indicate the fund, and the next set of three digits represent the department, and the last three digits represent the expense code or object classification code. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

## City of Polk City Budget Worksheet

**Fund: Enterprise**

**Department: 533 - Water Operations**

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a eight-digit number. The first two digits indicate the fund, and the next set of three digits represent the department, and the last three digits represent the expense code or object classification code. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

**City of Polk City Budget Worksheet**

**Fund: Enterprise**

**Department: 590 - Non-Departmental**

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a eight-digit number. The first two digits indicate the fund, and the next set of three digits represent the department, and the last three digits represent the expense code or object classification code. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City.

**Audit Notes to Long-Term Obligations Table:**

**Governmental Activities:**

- 1) Series 2007 Revenue Bonds – The USDA Rural Utilities Service Series 2007 Revenue Bonds are secured primarily by the communication services tax and the half cent sales tax. The Series 2007 bonds bear interest at 4.125% with a final maturity of December 1, 2023. The bond proceeds were used to retire the Series 2006 Capital Improvement Revenue Bond Anticipation Note which was used to construct the new City administration facilities. The Series 2007 bonds require the maintenance of sinking and reserve funds.

**Audit Notes to Long-Term Obligations Table:**

**Business-Type Activities:**

- 2) Installment Note to Florida Department of Environmental Protection (WW 51201P) - This note is secured by the net revenues of the sewer system and sewer impact fees. The note bears interest at 2.41%, with semi-annual principal and interest payments on March 15 and September 15 with a final maturity in September 2033. The note proceeds were used to fund the planning, administrative, and engineering costs for construction of wastewater transmission, collection, reuse and treatment facilities. The note requires the maintenance of a sinking fund.
- 3) Series 2011 A&B Bonds Payable to Fifth Third Bank - This note payable bears interest at 4.97% and is secured by the (See below\*). The principal payments are annual on August 1st, and the interest payments are semi-annual on February 1st and August 1st. The bond proceeds were used to pay off the USDA SF and WF notes, Suntrust note, Polk County Sprayfield loan, and the \$531,000.00 in past due impact fees due to Polk County. This loan also provided Polk City with: 1) \$850,000.00 to purchase the Cardinal Hill property, 2) \$1,370,000.00 for utility capital needs, 3) \$648,367.50 for an Enterprise Fund debt service reserve fund for this bond, and 4) miscellaneous issuance costs in obtaining the bond. The 5th 3rd bonds require the maintenance of sinking and reserve funds, as well as a renewal, replacement, and improvements fund.

\*This bond is secured by a pledge of and are payable solely from the net revenues of the system, certain public service tax revenues and, until applied in accordance with the provisions of the Bond Resolution, the moneys on deposit in the various funds and accounts pursuant to the bond resolution except (A) for the rebate fund, (B) to the extent moneys therein shall be required to pay the cost of operation and maintenance in accordance with the terms of the bond resolution, and © to the extent moneys on deposit in the 2011 reserve fund subaccount or the project fund shall be pledged solely for the payment of the series of bonds for which it was established in accordance with the provisions of the bond resolution (collectively - the 'pledged revenues'). Pledged: Water & Sewer Utility Revenues, WAC/SAC & Readiness to Serve Charges, and the Public Service Tax.

- 4) 2014 Water Meter Replacement Program - This master lease purchase agreement bears interest at 2.79%. This purchase is for 501 water meters, 200 registers, a Toughbook laptop, and Masterlink Vehicle Reading Software. This purchase agreement is secured by the Enterprise Fund water and wastewater revenue.

Notes:

- 1) The United Healthcare insurance rate is estimated at \$672.64 per month per employee for FY16. We received a 4% increase in rates which is still a 5% savings. We also pay a Medicare subsidiary to employees who are Medicare eligible (doing this significantly decreased the city's expense).
- 2) The FL Retirement System (FRS) total contribution rate is 24.43% of the city manager's gross payroll, and 10.26% of gross payroll for all other employees. As of July 1st, 2015, the city's portion of the regular employee's rate decreased from 7.37% to 7.26% of gross payroll, and for the city manager the city's rate increased from 21.14% to 21.43% of gross payroll. The UA (Unfunded Actuarial) expense for Kelly Downing increased from 3.80% to 4.31%. All FRS eligible employees will continue to pay 3% of the contribution rate.

City's FRS Regular Class Exp =	7.26%
City's FRS Senior Mngt Class Exp =	21.43%
City's FRS - UA Exp =	4.31%

# BUDGET LINE ITEM

## DESCRIPTIONS

**City of Polk City**  
*Budget Line Item Descriptions*

The City of Polk City uses the line item budget format in order to present a detailed and accurate classification of revenues and expenditures. The City's numbering system for revenues and expenditures is comprised of a fifteen-digit number. The first three indicate the fund, and the second three digits represent the department, the third three represent the category of expense, and the fourth three indicate the expense code or object classification code. The fifth three are zero filled and are for system purposes only. The object classification code is standard throughout the chart. For example, the travel and training line item is 400 in all departments and across all funds. While the majority of these numbers may be used in most departments, we still have some unique numbers due to special events and services that are important to our City. Listed below is the description of the individual account numbers for the expenditures in our chart of accounts.

Line Item #	Line Item Name	Description
<b>Personnel Expenses</b>		
110	Executive Salaries	Legislative Salaries. This line is for the salary expense of elected officials.
120	Regular Salaries – Wages	Full-time, part-time, and prorated portions of the costs for work performed by employees of the government. The combined salary line items represent approximately 50% of the total operating budget excluding capital.
130	Other Salaries and Wages	Full-time, part-time, and prorated portions of the costs for work performed by temporary or seasonal employees of the government.
140	Overtime	Amounts paid to employees of the government in either temporary or permanent positions for work performed in addition to the normal work period for which the employee is compensated.
160	Bonuses and Gift Certificates	Gift certificates provided by the City to council and employees at Christmas and Thanksgiving.
210	FICA Taxes	The City's portion of the matching share of Social Security and Medicare tax.
220	Retirement Contribution	The City funded retirement contribution for the employees into the Florida Retirement System. The retirement plan is non-contributory and requires 6 years of service to be vested. The cost of retirement benefits fluctuates and is dependant on the rate set by the retirement system. Under the rules of the retirement system, the City begins contributing for each permanent employee immediately upon employment.
230	Life & Health Insurance	The City's share of the employee health, life, dental, accidental death and dismemberment and short-term disability insurances. The City's insurance is obtained through United Health Care and managed by Colonial Health. Because the City is such a small group health insurance is extremely expensive. In addition, there is not an across-the-board rate for the employees. Each employee is rated separately producing different premiums for each employee. In 2003-2004, the employees began paying 20% of the insurance costs. Last year, due to rising insurance costs, the City chose a different coverage plan, which is a flat rate per employee regardless of coverage cost. That plan continues this year regardless of increases in insurance costs.
240	Worker's Compensation	Amounts paid by the City to provide compensation to employees injured on the job. The City Belongs to PIGT, which is currently serviced by Brown and Brown Insurance. The rates are determined by applying a factor to a particular job function and multiplying it by the payroll estimates for that function. Worker's compensation has increased drastically since 1999. The largest single jump was in 2002, reflecting the tragedy of September 11, 1991. Polk City has been fortunate in that we have not had an on the job injury for several years.
