Public Information Meeting

The Florida Department of Transportation (FDOT) invites the community and travelers to a public information meeting about safety improvements to the State Road 33 (SR 33) at Deen Still Road intersection. This open house allows attendees to view displays and discuss the work one-on-one with members of the project team. FDOT will modify SR 33 at Deen Still Road intersection into a roundabout. The project will improve intersection safety, reduce risk of crashes, and improve pedestrian and bicyclist safety at the intersection. The project includes reconstructing a 4-leg intersection to a single lane roundabout; installing a raised central island in the roundabout, with truck apron; installing pedestrian refuge islands; and installing roundabout lighting. Construction is scheduled to begin early Fall 2015.
