## *2021 Water Quality Reports*

Polk City produces a Consumer Confidence Report (CCR) annually in accordance with regulatory guidelines. This report is designed to give customers a snapshot of the City's water quality for the previous year. The City's CCR, which has been approved by the Polk County Health Department, is available online for interested customers to view at the links provided below. Also, as a convenience, Polk City will provide hard copies upon request through the billing office; as well as being available in the lobby at City Hall, and the Library. Any questions concerning the City's CCR should be directed to Lori Pearson, Utilities Chief Operator @ 984-1375 x 401.
