Stefanie Von Pelaske-Bush (CFRPC) provided an overview and PowerPoint presentation for Rezoning: An applicant-initiated rezoning of approximately 18.71 acres, from a zoning of PUD originally adopted under Ordinance 2013-1304 and then rezoned via ordinance 2020-11 to PUD, located west of North Commonwealth Avenue and north of Citrus Gove Boulevard North from Planned Unit Development which allowed multi-family uses to Planned Unit Development to allow for **69 single-family units** (Parcel numbers: 25-26-33-296500-102020; 25-26-33-296500-105000; 25-26-29-295302-003000; 25-26-29-295302-010000; and 25-26-29-295302-009010).

Chairman Oliver opened the Public Hearing.

Steve Sloan (Sloan Engineering Group, 150 Woodlawn Avenue, Bartow) was available to address any questions or concerns from the Planning Commission.

Chairman Oliver clarified that these would be single-family homes.

Mr. Sloan stated yes, with different floor plans.

Member Hashing asked if this would be one subdivision?

Mr. Sloan stated yes.

Chairman Oliver asked if all the utilities would be underground?

Mr. Sloan responded yes, all utilities are underground. As staff mentioned, we will do a fairly extensive sewer extension to get into the City's sewer system properly. There will be an onsite lift station, so this will be a force main that will extend down the highway to

the Lift station.
Chairman Oliver closed the Public Hearing.
No other discussion.
Motion by Chairman Oliver to forward this request to the City Commission for approval; this motion was seconded by Member Hoshing.

PROPERTY OVERVIEW:

Property Owner	Thompson Investment Property
Applicant	Jennifer Castro
Subject Parcels	25-26-33-297600-001180
Acreage	1.19 acres
Existing Future Land Use	Commercial
Existing Zoning	C-2, General Commercial

REOUEST:

The applicant, Jennifer Castro, is requesting change of use approval with site plan for the building located on approximately 1.19 acres at 315 Broadway Boulevard Southeast in Polk City. The existing building on the subject parcel contains a 2,472 square-foot hair salon on the east side of the building. The rest of the building, comprising approximately 6,878 square-feet, is currently vacant. **The applicant is requesting to expand the existing cafe into the middle bay by removing the interior wall..** A 4,800 square-foot storage space (for uses incidental to the on-site businesses), and the 2,750 square-foot salon will continue with the same use.

STANDARDS FOR REVIEWING SITE PLANS:

The purpose of the site plan is to provide sufficient information regarding a proposed development to enable the City to evaluate the proposed development as it relates to the Comprehensive Plan and the Unified Land Development Code.

The Planning Commission shall review and evaluate the site plan with specific regard to the City's Comprehensive Plan, applicable City codes, and the advisory recommendations of City staff. An approval of the site plan shall be deemed an expression of approval of the site layout.

Approval of the site plan authorizes the developer to prepare construction plans for submittal to the building department for permit.

FINDINGS OF FACT:

- The current zoning is C-2
- The property has a Future Land Use (FLU) of Commercial (located within the Polk City Exemption Area).
- The C-2, General Commercial zoning allows retail commercial and service commercial uses.
- The subject site is currently developed with a 3-bay building which contains a hair salon a cafe and one vacant space
- The proposal is for the cafe to expand into the middle bay. This will require removing an interior wall to facilitate the expansion.
- The site contains+/- 60 parking spaces which far exceeds the minimum required by the Land Development Code
- There's adequate parking on the site to serve all use.

- In 2019, a change of use was approved to allow a 2,472 square-foot hair salon and 6,878 square-foot party rentals office with a storage area, for a total building area of 9,350 square feet.
- The subject site is located within the Polle City Exemption Area and is therefore exempt from the regulations pertaining to the Green Swamp Area of Critical State Concern.
- The property is 1.19 acres in size.
- The site plan is consistent with the requirements of the City's Land Development Code.
- The site plan has been drawn consistent with the required number of parking spaces.

SITE DEVELOPMENT PLAN REQUIREMENTS:

The site is already developed, and no exterior improvements are proposed. The extent of the work is interior. This will require coordination with the building department for permitting.

STAFF COMMENTS:

The proposed Change of Use and Site Plan are consistent with the Polk City Land Development Code.
